## MiFi 6630

Global Intelligent Mobile Hotspot  
by Novatel Wireless

Introducing the newest addition to Novatel Wireless' award-winning family of MiFi Intelligent Mobile Hotspots\*.

### **MiFi 6630 - The Most Powerful MiFi Mobile Hotspot Ever**

Securely connects up to 15 devices to LTE up to 20 hours on a single charge with a built in power pack for charging external devices.

### **More Powerful and Remarkably Efficient**

Up to 20\*\* hours battery life... in many cases, more. Superior technology combined with power management features, only the MiFi 6630 gives you all-day power for surfing the Web or catching up on email without a mid-day re-charge. Put it in standby mode and you'll conserve battery life for days without ever needing to plug in.

### **Built in Powerpack Doubles as a Charger for Phones and Tablets**

Is your smartphone battery about to flatline? Give it a boost with the MiFi 6630 universal charging feature without compromising the performance of your MiFi 6630. Now you and your devices can stay connected longer.

### **Friendly**

Designed with a clear, bright, smart display - the MiFi 6630 makes it easy to find and manage device information. And, if you have a question, on-board help is right at your fingertips.

### **Redefining FAST Far and Wide, the World Over**

The supercharged MiFi 6630 is Global ready, includes numerous bands for LTE global connectivity, and is the only device of its kind engineered with patented performance optimization technology.

### **Security for All - Always**

From hacker prevention, encryption, enterprise-grade protection, VPN pass-through and now parental controls, you can connect with confidence.

### **Powerful Impact Towards a Smaller Footprint**

Novatel Wireless innovation goes hand in hand with progress towards environmental responsibility. The MiFi 6630 reflects environmentally preferable, conflict-free materials and sustainable manufacturing, minimizing environmental impact and health risks.

### **Making Connectivity Accessible for ALL**

What some see is what others hear. Ease of use is key for everyone, including those with special needs. With textured access buttons and audible notification features, anyone with vision impairments is able to enjoy the benefits of simple connectivity.
