

MiFi® M100

4G LTE Personal Mobile Hotspot

Internet for All – Fast. Secure. Simple.

MiFi® M100

Can't live without Wi-Fi? We get it. That's why we invented the mobile hotspot. With MiFi brand mobile hotspots, you can take Wi-Fi anywhere you go and share it with anyone you want, whenever you want.

THE INTERNET DELIVERED ON YOUR TERMS.

The MiFi M100 by Novatel Wireless puts wireless mobile Internet in the palm of your hand. You can stay connected anywhere you go whenever you need it.

PRESS POWER AND GO.

It's really that easy. No wires. No nonsense. The MiFi M100 turns a cellular connection into your own personal Wi-Fi hotspot wherever, whenever you need it. Your phone, laptop, tablet, gaming device, camera, drone and any other Wi-Fi device wirelessly connects to super-fast Internet.

YOUR INTERNET IS YOUR BUSINESS

The MiFi brand of mobile hotspots puts security first, so you can rest assured that your information is protected lock and key. Advanced security features include hacker prevention, corporate VPN compatibility, password protection and more.

SPECIAL FEATURES

Full speed 4G LTE just for data!

4G LTE dedicated to data delivers faster streaming, downloads, and surfing

Securely connect up to 15 devices

Easy to manage

User-friendly mobile app available from Android and Apple Application stores

Monitor data use, battery life, connected devices

Long lasting battery- dedicated to data

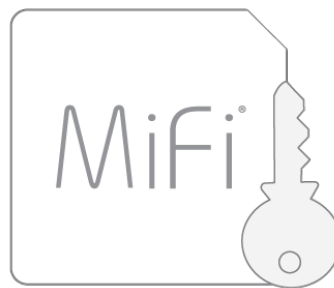

10-hour* battery is dedicated to data use, outlasting a phone's mobile hotspot function which can quickly drain the phone's battery

VERTICAL / TARGET MARKETS
